#### June 16th 2026 | Jakarta, Indonesia

Amid evolving global economic dynamics and intensifying market competition across Southeast Asia, PT Global Digital Niaga Tbk (Blibli), Indonesia's leading omnichannel commerce and lifestyle ecosystem pioneer, has once again been named to the 2026 Fortune Southeast Asia 500. The recognition marks Blibli's third consecutive year on the prestigious list, underscoring the Company's sustained growth and resilience in a dynamic business environment.

Blibli ranked 228th in the 2026 Fortune Southeast Asia 500, climbing 32 places from the previous year and becoming the highest-ranked Indonesian company in the Internet Service Retailing category within the Technology sector. The Fortune Southeast Asia 500 ranks the largest companies across various industries in seven ASEAN countries based on total revenue generated in their most recent fiscal year.

This achievement reflects the Company's sustained business growth and the resilience of its business model amid evolving market dynamics and an increasingly competitive industry landscape. In line with its strengthening performance, Blibli recorded net revenue of IDR22.4 trillion (equivalent to US\$1.36 billion) in fiscal year 2025, representing a 34% y.o.y increase compared to the previous fiscal year. The growth was supported by positive contributions across all business segments, including consumer electronics and institutional business, as well as the continued expansion of its physical store network, further reinforcing the Company's omnichannel strategy.

"We are honoured to once again be included in the Fortune Southeast Asia 500 list in 2026. This recognition reflects the trust of our customers, partners, investors, and stakeholders who have supported Blibli's growth over the years. It also reinforces our commitment to strengthening business fundamentals, executing with discipline, and creating sustainable long-term value for all stakeholders," said Eric Winarta, Chief Corporate Officer & Investor Relations of Blibli.

"Going forward, we remain focused on healthy and sustainable growth through productivity improvements, stronger margins, cost discipline, and deeper ecosystem integration. We believe the combination of digital capabilities, an extensive physical network, and deep customer understanding will continue to serve as the foundation for long-term value creation," he added.

The Blibli Tiket ecosystem, encompassing 1P Retail, 3P Retail, Institutional Business, Physical Stores, travel, and lifestyle services, continues to serve as a key driver of the Company's growth. Supported by increasingly solid business fundamentals, sustained growth momentum, and a consistent focus on profitability and long-term value creation, Blibli remains optimistic about expanding its impact across Indonesia while strengthening its position as one of Southeast Asia's leading technology and commerce companies.

#### **About PT Global Digital Niaga Tbk (Blibli)**

Established in 2010, PT Global Digital Niaga Tbk (the Company) is a pioneer and leading omnichannel commerce and lifestyle ecosystem in Indonesia that focuses on serving digitally connected retail and institutional consumers. The Company's commerce platform - Blibli, integrates online shopping and transaction experiences through its e-commerce services and offline by operating hundreds of physical consumer electronics stores for various leading global brand partners. In addition, Blibli also collaborates with thousands of stores adopting the Company's omnichannel solutions, namely Blibli InStore and Click & Collect, and is supported with a strong supply chain infrastructure, including a nationally developed warehousing and logistics network by providing first-party delivery services (1PL) directly through the Company's logistics service - BES Paket, and cooperates with third-party logistics partners (3PL). Blibli also provides other value-added services to further provide shopping convenience for customers, including Fulfilled by Blibli (FBB) and Fulfillment at Speed (FAS) services.

In 2017, the Company acquired PT Global Tiket Network (an online travel agent (OTA) platform provider – tiket.com) to expand its services to include travel, accommodation and lifestyle experiences. Further, in 2021, the Company's omnichannel ecosystem added fresh product and daily necessities offerings through the acquisition of PT Supra Boga Lestari Tbk (Ranch Market) - a company operating premium supermarket outlets such as Ranch Market and Farmers Market. Then in 2024, the Company completed the acquisition of PT Dekoruma Inovasi Lestari (Dekoruma) – a leading omnichannel home and living retail and interior design company in Indonesia, which is expected to be another strategic growth category to strengthen the Company's omnichannel strategy.

The Company has created an integrated omnichannel ecosystem called Blibli Tiket, to support the synergy between Blibli, tiket.com, Ranch Market and Dekoruma, to provide an easy and value-added shopping experience for customers, by providing more complete, useful and integrated services at every consumer touch point. The Blibli Tiket ecosystem also has an integrated loyalty program called Blibli Tiket Rewards, which offers integrated loyalty programs to all customers within the ecosystem.

The Company's shares are traded on the Indonesia Stock Exchange (IDX) with the ticker code "BELI".
